# Vision and Mission

## Vision

- Intermodal transport and SSS as a prevailing mode of transport on most routes in the region.
- Project implementation with an aim to build up intermodal transport by using EU funds for financing as a usual practice for most parties in transport sector.

## Mission

- To spread the awareness about the necessity of intermodal transport development in the Republic of Croatia.
- increase the share of intermodality in the transport sector of the Republic of Croatia through the following activities:
  - Promotion of SSS, intermodality and EU funds in the area of transport
  - Development projects
  - Informatisation of the entire intermodal system

- Cluster today deals with three basic activities:
  - promotion of SSS and intermodality
  - development projects and bottleneck identification
  - informatization of intermodal transport service

Our goal is to increase participation of intermodal transport in Croatian transport system as well as to provide information and help with project creation to our stakeholders

## How do we implement our activities?

1. Using EU funds and programmes
2. With help of national programmes and funding opportunities
3. In cooperation with our members
